#### THE RECENT TYPHOON.

SEVERE BITERIENCE OF THE BENGLOS. For the last two days foars have entertained for the safety of the Ben liner Benglos, which should have arrived in Hongkong on Saturday, and accounts having come to hand from Shapghai this afternoon of a steamer having been seen ashore at Hisahan a certain amount of colour was lent to the sinister rumours that were affect. Fortunately, all fears were set at rest by the arrival of the Benglos this afternoon, but from the details which have been obtained from those on hoard it will be seen that was only by determined plack and skilful

trying circumstances successfully. The Bengloe left Moji on the 14th inst. with a cargo of coal for Messrs Butterfield & Swire. There was no incident of importance till the morning of the 17th, when reply is that we have here more frequent a stiffgale was met, accompanied by a heavy ses. This turned out to be the tail of the typhoon. The wind backed from the some inducement to capable officers to con- him? Can you throw him out if he is almost entirely from contries which resouth round to east by south, and the high S. E. see caused the ship to labour heavily. no margin for saving, and offering nothing Seas were shipped fore and aft. A few beyond the merest subsistence, makes would write out and ask your reason why, foreign trade must be, stit has been, and minutes after 11 o'clock she took several very big rolls, shifting the sargo bodily to starboard and throwing the ship on her the work they have to perform. Many beam ends. At this time she was 54 miles east of the Hieshan group. All hands were officered, a state of things that must be the British Association will not bring that muschievous uncertainty which has hitherto turned to trimming the cosl in holds and bunkers. With a list of 28 degrees this was a laborious and difficult process, and fore, that you will give this matter your compulsion for his being admitted to the of us have not the time even if we had the the ship slowed down and finally lay to. On the starboard side the deck was under water for nearly two feet beyond the rail. About three o'clock a tremendous sea swept over the ship, filling the engine-room at Singapore, and he proposed that the was a foreigner in the sense implied by the special study, and I most heartily second and stokehold bilges nearly five feet above the flooring plates; and with the heavy rolling and pressure of the water in the ing. hilges a considerable portion of the flooring was burst up and destroyed. This sea carried away No. 3 bost, the gangway ladders and everything movable about D. Shearer, in which that gentleman profor free trade and invited men from all resolution had been adopted, no doubt the
